# CATTLEYA AUREA (Imported).

---

**W**E are pleased to be able to offer our customers this splendid importation of this GORGEOUS and BEAUTIFUL CATTLEYA, undoubtedly the finest of the section.

It is unnecessary to say more than that we have been the principal importers of this charming CATTLEYA for many years, and that most of the fine hybrids in cultivation originated from us, including the unique

CATTLEYA "COUNTESS OF DERBY;" CATTLEYA "HARDYANA WILSONII;"

CATTLEYA "HARDYANA SELWOODENSE;" CATTLEYA "HARDYANA ALBA;"

CATTLEYA "HARDYANA CHARLESWORTH'S" variety, recently exhibited at Manchester, and unanimously judged as one of the finest "Hardyanas" yet seen; and many others of great merit.

The Plants are in fine well leaved condition, and offer great variation in appearance that we fully expect them to uphold the reputation of our previous consignments.

The 25 numbered Plants are superb pieces, and great interest should attach to their flowering, as they are a most distinct looking lot of Plants.

The ordinary sizes are very useful Plants, in fact it is the best importation we have handled for many years.
